Unlocking the Future of Financial Assessments!

www.id.dentsusoken.com/sisca

SISCA stands for SLIK IDeb Scoring for Credit Analysis, it's a system developed to streamline credit analysis processes by providing structured customer data and intuitive dashboards for efficient decision-making.

DISCOVER AN INNOVATIVE SOLUTION TO ENHANCE THE EFFICIENCY OF YOUR CREDIT ANALYSIS!

IDeb Viewer

Request IDeb Data → Sharing Folder → SISCA → Report
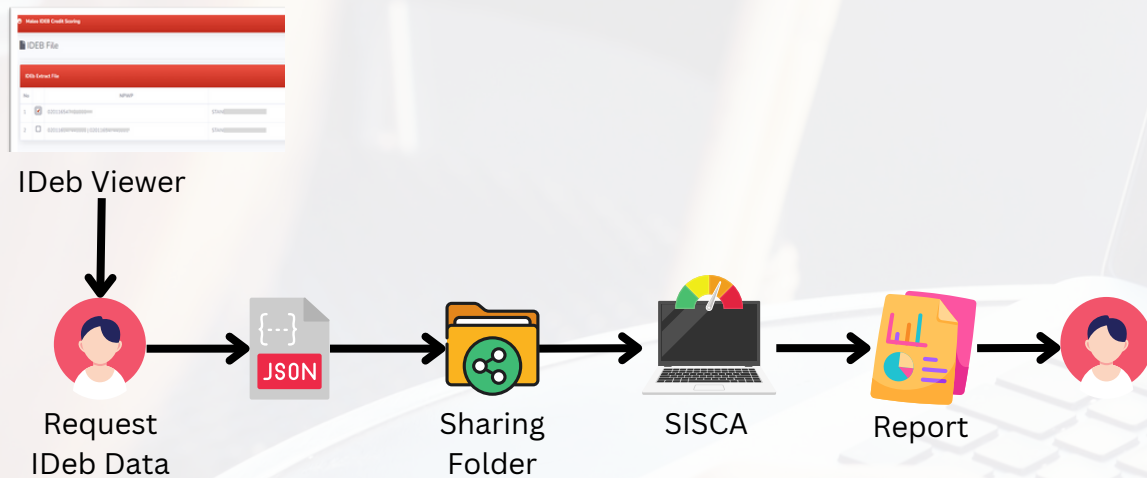

JSON data from IDeb OJK is input into our application, where SISCA processes it using various logic to provide a simplified and easily readable summary of the IDeb data and reports.

SISCA is built with .Net Framework and SQL Server technology.

UNLOCK THE POTENTIAL OF SISCA NOW!

MAIN FEATURES I-REPORTER

Efficiency:
SISCA optimizes time and resources by presenting customer data concisely through an intuitive dashboard.

Concise Information:
Providing essential information briefly enables credit analysts to evaluate customer risks and potentials quickly.

Ease of Use:
An intuitive interface facilitates access to and management of customer data without technical difficulties.

Improved Decision-Making:
SISCA provides structured data for more accurate credit decisions.

Risk Reduction and Compliance Maintenance:
By offering comprehensive information about customer credit profiles, SISCA helps manage credit risks while adhering to applicable regulations.
