IDP
## Intelligent Document Processing

www.id.dentsusoken.com/ireporter

IDP (Intelligent Document Processing) is a groundbreaking platform that utilizes artificial intelligence technology to revolutionize the way you process business documents. With access to leading AI technology from top universities and research institutions worldwide, IDP ensures that you can accurately understand and automate your operational processes. High data veracity guarantees high-quality outputs and in-depth analysis, helping you enhance the efficiency and productivity of your business.
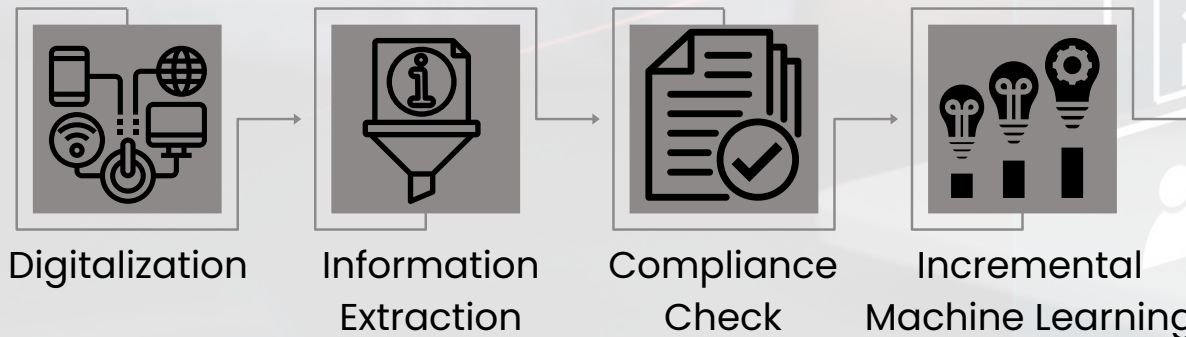

Financial Analysis Automation
For Banks, Audit, Investments & Insurance

Automate Manual Process of Financial Spreading and Analysis of Financial Documents.

Financial Spreading → Financial Analysis → Industry Analysis → Report Generation

LC Automation
For Banks, Trading, and Logistics

Automate Manual Document & Compliance Check in Letter of Credit (LC) Process.

Digitalization → Information Extraction → Compliance Check → Incremental Machine Learning

MAIN FEATURES IDP

Digitalization (OCR)
Turn Images / Scanned Documents into text content

Information Extraction
Read Documents and Extract Fields, Tables & Business Relations

Metrics Analysis
Perform Reconciliation / Analysis / Stats to Calculate Metrics

Compliance Rules Check
Conduct Compliance Rules Check and Cross Verification

Semantic Search
Provide Semantic Search Engine to Answer Business Queries

Report Generation
Assist Users to Generate Customizable Memos / Reports

A GAME-CHANGER FOR BUSINESS PROCESS
